Course Registration Management for Exchange Students

In order to unify the MBA teaching management system, improve the quality of teaching and assurance of learning, the following requirements have been established for exchange students.

Exchange students with more than 3 years' working experience are qualified to take all the courses with credits.

Exchange students with less than 3 years' practical experience such as working and internship experience, are qualified to take non-core¹ courses with credits including public courses, basic courses and optional courses.

Exchange students with no practical experience are only allowed to audit classes with no credits.

For more details, please contact meisawang@bit.edu.cn.

School of Management & Economics

Beijing Institute of Technology

November 9th, 2020

¹ Courses offered by School of Management & Economics can be classified into four kinds, including discipline core courses, public courses, basic courses and major optional courses. For course list, please refer to the MBA Programme Training Plan.
